Dear Parent/Carer

Work Experience 2026

I am writing to you regarding the work experience programme which is planned for 6th – 10th July 2026.

As part of our commitment to preparing students for life beyond the classroom, we are pleased to offer all year 10 students the opportunity to take part in a work experience placement during the summer term.

Work experience is a valuable part of your child's education. It provides a unique chance for students to explore the world of work, gain insight into different career paths, and develop essential skills such as communication, teamwork, and problem-solving. These experiences not only help students make informed decisions about their future but also build confidence and maturity.

We encourage students to seek placements that align with their interests or aspirations, whether in science, business, healthcare, the arts, or any other field. Even if the placement is not directly related to their future career goals, the experience of being in a professional environment is incredibly beneficial. As each student has unique needs and expectations regarding their work experience week (such as ability to travel, interests, etc), we ask that parents and carers take the lead in ensuring their child has a suitable placement.

Key Dates and Information:

- **Work Experience Week:** Monday 6th to Friday 10th July
- **Deadline for Placement Confirmation:** Friday 19th December 2025
